**ATLANTIC POWER CORPORATION AND ATLANTIC POWER PREFERRED EQUITY LTD. ANNOUNCE QUARTERLY DIVIDENDS ON THE CUMULATIVE REDEEMABLE PREFERRED SHARES, SERIES 1, CUMULATIVE RATE RESET PREFERRED SHARES, SERIES 2 AND CUMULATIVE FLOATING RATE PREFERRED SHARES, SERIES 3 OF ATLANTIC POWER PREFERRED EQUITY LTD.**

Atlantic Power Corporation ("Atlantic Power") and Atlantic Power Preferred Equity Ltd. (TSX: AZP.PR.A, AZP.PR.B and AZP.PR.C) (the "Corporation"), a subsidiary of Atlantic Power, announced that the Corporation has declared quarterly dividends of Cdn\$0.303125 per share on its Cumulative Redeemable Preferred Shares, Series 1 (the "Series 1 Shares"), Cdn\$0.348125 on its Cumulative Rate Reset Preferred Shares, Series 2 (the "Series 2 Shares") and Cdn\$0.303750 on its Cumulative Floating Rate Preferred Shares,

Series 3 (the "Series 3 Shares").

The dividends on the Series 1 Shares, Series 2 Shares and Series 3 Shares are to be paid on December 29, 2017 to shareholders of record at the close of business on December 15, 2017.

**Tax Information for Shareholders**

The Corporation designates the dividend on each of the Series 1 Shares, Series 2 Shares and Series 3 Shares to be an "eligible dividend" pursuant to subsection 89(14) of the Income Tax Act (Canada) and its equivalent in any of the provinces and territories of Canada. U.S. individual or other non-corporate taxpayers should be eligible for the reduced rate of tax currently applicable to "qualified dividends" provided that the investor meets the holding period and any other requirements. Taxpayers should always seek their own independent qualified professionals for advice regarding the tax consequences of purchasing or owning preferred shares of the Corporation.

About Atlantic Power Preferred Equity Ltd.

The Corporation is incorporated under the laws of the Province of Alberta and is an indirect, wholly-owned subsidiary of Atlantic Power. The Corporation holds, directly or indirectly, Atlantic Power's

business and power generation and other assets in British Columbia and the United States.

About Atlantic Power

Atlantic Power owns and operates a diverse fleet of twenty-two power generation assets across nine states in the United States and two provinces in Canada. Atlantic Power's power generation projects sell electricity to utilities and other large commercial customers largely under long-term PPAs, which seek to minimize exposure to changes in commodity prices. The aggregate electric generating capacity of this portfolio on a gross ownership basis is approximately 1,793 megawatts ("MW"), and on a net ownership basis is approximately 1,440 MW. Eighteen of the projects are currently operational, totaling 1,633 MW on a gross ownership basis and 1,280 MW on a net ownership basis. The remaining four projects, all in Ontario, are not operational, three due to revised contractual arrangements with the offtaker and the other, Tunis, has a forward-starting 15-year PPA that will commence with the commercial operation of the plant before June 2019.

Atlantic Power's shares trade on the New York Stock Exchange under the symbol AT and on the Toronto Stock Exchange under the symbol

ATP. For more information, please visit the Company's website at www.atlanticpower.com or contact:

Atlantic Power Corporation Investor Relations (617) 977-2700 info@atlanticpower.com

CO2 Solutions and TerraCOH had been selected to participate in the second round of the prestigious NRG COSIA Carbon XPRIZE. CO2 Solutions has been authorized to partner with other semi-finalists offering a CO2 utilization technology and is the only provider of a CO2 capture technology in the Carbon XPRIZE to have publicly announced such synergistic partnerships. TerraCOH and CO2 Solutions will propose the CO2 Solutions carbon capture technology with the TerraCOH's CO2 utilization technology, the Earth Battery™. CO2 Solutions and TerraCOH would share equally any prize money that maybe awarded to this joint entry.

For the NRG COSIA Carbon XPRIZE competition, TerraCOH is introducing to the market their Earth Battery™ technology, which is the first to use CO2 as a geologic working fluid for geologic energy storage. The Earth Battery™ delivers a high efficiency, affordable, small to grid-scale energy storage platform, while making use of vast quantities of CO2.

John P. Griffin, the CEO of TerraCOH, stated "CO2 emissions are a global problem, which requires an innovative approach that can scale to the size of this problem. TerraCOH looks forward to working with CO2 Solutions in the second round of the Carbon XPRIZE competition; jointly creating a solution that capable of uniquely consuming vast quantities of CO2 while storing the CO2 safely and securely below ground. Later, the Earth Battery™ can deliver power that can be dispatched on demand to

serve various power requirements." Dr. Louis Fradette, the Director, Valorisation Carbone Quebec, stated "CO2 Solutions innovative enzyme-enabled carbon capture technology is ideal to economically capture large quantities of CO2 cost effectively and deliver this CO2 to TerraCOH's novel Earth Battery™ solution. The scale of TerraCOH and CO2 Solutions joint approach has the potential of making a significant impact on the CO2 emission challenge of the Carbon XPRIZE competition and the world."

About the NRG COSIA Carbon XPRIZE Competition

Few challenges are greater and more critical than ensuring access to clean, affordable and abundant energy. As the global energy supply remains primarily derived from fossil fuels – the leading contributor to climate change – the \$20M NRG COSIA Carbon XPRIZE will challenge the world to reimagine what we can do with CO2 emissions by incentivizing and accelerating the development of technologies that convert CO2 from a liability into valuable products. For more information, visit: <https://carbon.xprize.org>.

About TerraCOH, Inc. TerraCOH, Inc. is a geothermal energy company based in Minneapolis, MN. TerraCOH's mission is to deliver its Earth Battery and CO2 Plume Geothermal (CPG™) technologies to provide emission-free, baseload (24/7) electricity and grid-scale energy storage, at the lowest cost of all alternatives, while storing CO2 permanently

underground. For more information, visit: [www.terracoh-age.com](http://www.terracoh-age.com).

About CO2 Solutions Inc.

CO2 Solutions is an innovator in the field of enzyme-enabled carbon capture and has been actively working to develop and commercialize the technology for stationary sources of carbon emissions. CO2 Solutions' technology lowers the cost barrier to Carbon Capture, Utilization and Sequestration (CCUS), positioning it as a viable CO2 mitigation tool, as well as enabling industry to derive profitable new products from these emissions. CO2 Solutions has built an extensive patent portfolio covering the use of carbonic anhydrase, or analogues thereof, for the efficient post-combustion capture of carbon dioxide with low-energy aqueous solvents. Further information can be found at [www.co2solutions.com](http://www.co2solutions.com).

CO2 Solutions Forward-looking Statements

Certain statements in this news release may be forward-looking. These statements relate to future events or CO2 Solutions' future economic performance and reflect the current assumptions and expectations of management. Certain unknown factors may affect the events, economic performance and results of operation described herein. CO2 Solutions undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable law.

### MEG ENERGY BOARD OF DIRECTORS APPOINTS DANIEL FARB TO THE BOARD

MEG Energy Corp. (TSX:MEG) announced today the appointment of Daniel S. Farb to its board of directors.

Mr. Farb, a Canadian citizen, is a Managing Director of Highfields Capital, a Boston-based investment firm that manages over US\$12 billion on behalf of endowments, foundations, pension funds and other institutional investors and is MEG's second largest shareholder. He joined Highfields in 2001 and is a Partner on the investment team, focusing primarily on energy. He previously worked in the Mergers & Acquisitions and Principal Investment Groups at Goldman Sachs. Mr. Farb graduated from McGill University and holds an MBA from Harvard Business School.

Bill McCaffrey, President, Chief Executive Officer and Director, welcomed Mr. Farb to the team. "Dan brings strong financial and management skills and a wealth of investment experience to our Board," Bill said. "He will be an important addition to our already strong team at MEG."

"MEG's assets are underappreciated by the market, and I am excited to be part of helping the company build on its successes to date," said Mr. Farb. "I am looking forward to working with Bill and the other members of the Board as MEG continues to implement its highly-economic growth plans."

MEG Energy Corp. is focused on sustainable in situ oil sands development and production in the southern Athabasca oil sands region of Alberta, Canada. MEG is actively developing enhanced oil recovery projects that utilize SAGD extraction methods. MEG's common shares are listed on the Toronto Stock Exchange under the symbol "MEG."

### MARQUEE ENERGY LTD. ANNOUNCES FILING OF AMENDED AND RESTATED MD&A FOR THE YEAR ENDED DECEMBER 31, 2016

Marquee Energy Ltd. ("Marquee" or the "Company") (TSXV: "MQX") announces a refiling of its Management, discussion and analysis (MD&A) for the twelve months ended December 31, 2016 due to a clerical error at the time. The Company's amended and restated MD&A for the and twelve months ended December 31, 2016 is available on the System for Electronic Document Analysis and Retrieval (SEDAR) at [www.sedar.com](http://www.sedar.com) and on Marquee's website at [www.marquee-energy.com](http://www.marquee-energy.com).

ABOUT MARQUEE

Marquee is a Calgary-based, junior energy company focused on light oil development and production in the Michichi area of eastern Alberta. Marquee's shares trade on the

TSX Venture Exchange under the trading symbol "MQX". Additional information about Marquee may be found on its website [www.marquee-energy.com](http://www.marquee-energy.com) and in its continuous disclosure documents filed with Canadian securities regulators on SEDAR at [www.sedar.com](http://www.sedar.com).

### SHELL UNVEILS NEW MUSIC VIDEO FEATURING OSCAR-WINNER JENNIFER HUDSON AND CHART-TOPPER PIXIE LOTT

Today, Shell and a band of international stars are unveiling a unique new music video which spotlights a diverse range of clean energy initiatives across the world.

'On Top of the World' features five global music artists - including Oscar-winner Jennifer Hudson and British songstress Pixie Lott - and uses cutting-edge custom animation to help each star demonstrate the impact of clean energy projects supported by Shell around the world, including Brazil, China, the US, Kenya, India, Germany and the UK.

**Skystone**  
INTERNATIONAL LP

## LABORATORY SERVICES

Skystone's state of the art material testing laboratory has been designed to meet the needs of the oil and gas industry. Our engineers have performed thousands of investigations to determine causes of component failures and to prevent future incidents.

The Skystone laboratory can provide services including:

- Failure analyses (pipelines, pressure vessels, downhole equipment)
- Cut-out evaluations
- Fitness-for service assessments
- Finite elemental analyses (FEA) and design verification
- Sweet to sour conversions
- Material testing and selection

Contact us at 403-230-3552 or [lab@skystone.ca](mailto:lab@skystone.ca)

The video showcases both 'bright energy ideas' created by entrepreneurs supported by #makethefuture campaign, and some projects from Shell and its partners to create more and cleaner energy solutions, including:

**Insolar:** Providingsolarenergyaccess to low income communities in Brazil

**GravityLight:** Creating sustainable and cleaner light for families and children in Kenya

**Shell Natural Gas:** Providing cleaner cooking with natural gas, saving families invaluable time in India

**Shell Partnership with Global Alliance for Clean Cookstoves:** Bringing clean cook stoves to families and creating healthier homes in China

**Shell Hydrogen:** Creating additional cleanertransportchoicesforthefuture in the USA, Germany and the UK

'On Top of the World' is the latest chapter in the #makethefuture global energy relay, that began in 2016 with the launch of the 'Best Day of My Life' music video, which subsequently topped viral video charts and became one of the most viewed online videos of the year.

Oscar-winner Jennifer Hudson, British songstress Pixie Lott, Brazilian chart-topper Luan Santana and Nigerian artist Yemi Alade reunite, and are joined by Indian talent Monali Thakur to cover the Imagine Dragons' hit 'On Top of the World'.

Malena Cutuli, Global Head of Integrated Brand Communications at Shell said: "Music is a universal language and, by tapping into our passion for it with this stellar line up of artists, we can spark a global conversation around access to cleaner energy in an engaging way."

"Addressing future energy challenges demands collaboration between and among business, communities, entrepreneurs, influencers and citizens - it is the key to unlocking more and cleaner energy solutions."

Jennifer Hudson said, "As a performer, it's really exciting to be able to lend my voice to inspire future generations. I am proud to be collaborating with Shell #makethefuture, to encourage people to learn more about the potential of new clean energy solutions."

The music video launches today here: <https://www.youtube.com/watch?v=w1hvSEhHkA0>, and is accompanied by a suite of "Energy Explainer" films for people to find out more about each of the initiatives.

To find out more about this and other #makethefuture projects, please visit [shell.com/makethefuture](http://shell.com/makethefuture).

Cautionary note

The companies in which Royal Dutch Shell plc directly and indirectly owns investments are separate entities. In this announcement "Shell", "Shell group" and "Royal Dutch Shell" are sometimes used for convenience

where references are made to Royal Dutch Shell plc and its subsidiaries in general. Likewise, the words "we", "us" and "our" are also used to refer to subsidiaries in general or to those who work for them. These expressions are also used where no useful purpose is served by identifying the particular company or companies. "Subsidiaries", "Shell subsidiaries" and "Shell companies" as used in this announcement refer to companies over which Royal Dutch Shell plc either directly or indirectly has control. Companies over which Shell has joint control are generally referred to "joint ventures" and companies over which Shell has significant influence but neither control nor joint control are referred to as "associates". In this announcement, joint ventures and associates may also be referred to as "equity-accounted investments". The term "Shell interest" is used for convenience to indicate the direct and/or indirect ownership interest held by Shell in a venture, partnership or company, after exclusion of all third-party interest.

This announcement contains forward-looking statements concerning the financial condition, results of operations and businesses of Royal Dutch Shell. All statements other than statements of historical fact are, or may be deemed to be, forward-looking statements. Forward-looking statements are statements of future expectations that are based on management's current expectations and assumptions and involve known and unknown risks and uncertainties that could cause actual results, performance or events to differ materially from those expressed or implied in these statements. Forward-looking statements include, among other things, statements concerning the potential exposure of Royal Dutch Shell to market risks and statements expressing management's expectations, beliefs, estimates, forecasts, projections and assumptions. These forward-looking statements are identified by their use of terms and phrases such as "anticipate", "believe", "could", "estimate", "expect", "goals", "intend", "may", "objectives", "outlook", "plan", "probably", "project", "risks", "schedule", "seek", "should", "target", "will" and similar terms and phrases. There are a number of factors that could affect the future operations of Royal Dutch Shell and could cause those results to differ materially from those expressed in the forward-looking statements included in this announcement, including (without limitation): (a) price fluctuations in crude oil and natural gas; (b)

changes in demand for Shell's products; (c) currency fluctuations; (d) drilling and production results; (e) reserves estimates; (f) loss of market share and industry competition; (g) environmental and physical risks; (h) risks associated with the identification of suitable potential acquisition properties and targets, and successful negotiation and completion of such transactions; (i) the risk of doing business in developing countries and countries subject to international sanctions; (j) legislative, fiscal and regulatory developments including regulatory measures addressing climate change; (k) economic and financial market conditions in various countries and regions; (l) political risks, including the risks of expropriation and renegotiation of the terms of contracts with governmental entities, delays or advancements in the approval of projects and delays in the reimbursement for shared costs; and (m) changes in trading conditions. All forward-looking statements contained in this announcement are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Readers should not place undue reliance on forward-looking statements. Additional risk factors that may affect future results are contained in Royal Dutch Shell's 20-F for the year ended December 31, 2016 (available at <http://www.shell.com/investor> and <http://www.sec.gov>). These risk factors also expressly qualify all forward looking statements contained in this announcement and should be considered by the reader. Each forward-looking statement speaks only as of the date of this announcement, 1st December 2017. Neither Royal Dutch Shell plc nor any of its subsidiaries undertake any obligation to publicly update or revise any forward-looking statement as a result of new information, future events or other information. In light of these risks, results could differ materially from those stated, implied or inferred from the forward-looking statements contained in this announcement.

We may have used certain terms, such as resources, in this announcement that United States Securities and Exchange Commission (SEC) strictly prohibits us from including in our filings with the SEC. U.S. Investors are urged to consider closely the disclosure in our Form 20-F, File No 1-32575, available on the SEC website <http://www.sec.gov>. You can also obtain these forms from the SEC by calling 1-800-SEC-0330.
